

The Challenge

We were approached by the Cadbury management team who had a very specific brief for their annual team building event.

This event for up to 150 guests was to be split into two groups, over two days, with a concluding event on the final evening comprising of dinner and evening entertainment (in keeping with the theme).

To top it all, their senior director was a 'Trekkie' and was extremely keen to incorporate this into the whole theme of the event.

The Result:

We delivered modules of team challenges all themed around Star Trek.

Challenges included :

- Galaxy Quest
- Moon Walk
- Daring Rescue
- Lost on the Moon
- Star Trek
- Arachnophobia
- Space Training Mission
- Lunar Crevasse Challenge
- Handover
- Rocket Launching

Evening Entertainment

We transformed what was a bland Birmingham University corporate space into a spectacular set from Star Wars including life sized Daleks and Storm Troopers.

We ran a competitive quiz between teams between dinner courses, which included questions from tv and music history.

Memories
